Announcing the Formation of TMMi America

[Bulverde, Texas, April 15, 2020] TMMi America's Board of Directors has formally received recognition as chapter of the TMMi Foundation. This follows receiving certification as a Domestic Nonprofit Corporation from the Office of the Secretary of State of Texas and approval from the TMMi Foundation.

TMMi America's mission is to support organizations to improve their software and system testing and achieve higher and sustainable levels of product quality for the systems they are developing and maintaining through the Test Maturity Model Integrated (TMMi). The model is independent, business centered and internationally proven which allows it to provide a path for organizations to assess and improve their test processes in a cost-effective manner. The TMMi is an avenue for formal certification if needed.
